Dorottya Duzsik

Project Manager | Architectural Designer | LEED & BREEAM Projects

Budapest, Hungary | dorottya.duzsik@gmail.com | linkedin.com/in/dorottyaduzsik

SUMMARY

Project Manager with an architectural design background and hands-on experience in LEED v5 strategy development and BREEAM assessment support, in project roles as LEED consultant and sustainability coordinator. Experienced in multidisciplinary coordination in Hungarian, Swiss, and French-language settings; interested in interior design, hospitality, and making sustainability goals workable in real projects.

EXPERIENCE

Project Manager, Realiscon Kft. | *Budapest, Hungary | 2024–Present*

- **LEED consultant** (project role) on a heritage hotel project (former sanatorium, 2026): developed the proposed LEED v5 BD+C: New Construction and Major Renovations strategy, selecting target credits and potential compliance pathways.
- Prepared LEED-specific requirements for the design-team tender and the tender for the energy modeler, covering Minimum and Enhanced Energy Efficiency modeling.
- Presented the proposed LEED strategy to the client and support its integration into the design process.
- Compiled the optional add-on studies and calculations for the company's LEED consulting proposal and supported its pricing.
- **Sustainability coordinator** (project role) on a BREEAM Non-Domestic Refurbishment project: reviewed selected assessment credits, joined a post-construction site visit, and prepared documentation for the assessor's final site visit report.
- Coordinate multidisciplinary project teams, facilitate design meetings, track decisions and action items, and support interdisciplinary design reviews.

Architectural Designer, AGG Architect SA | *Budapest, Hungary | 2023*

- Prepared architectural and interior design documentation for public-building and residential projects in the Lake Geneva region, Switzerland.
- Worked with French-language technical documentation and developed design packages through detailed drawing stages.

Architectural / Interior Design Assistant, Mobilia Architects | *Budapest, Hungary | 2022–2023*

- Prepared permit, construction, and fabrication-level documentation for public-building, residential, and interior design projects.

EDUCATION

Master of Science in Architecture (5-year integrated program)
Budapest University of Technology and Economics (BME) | 2016–2022

- Teaching Assistant (Demonstrator), Department of Residential Building Design, 2021
- Erasmus+ exchange: École Nationale Supérieure d'Architecture de Montpellier, France (Spring 2020); Universidad Europea de Madrid, Spain (Spring 2022)

SELECTED PROJECTS

- **Housing for Intergenerational Living**, Master's thesis, BME, 2022. CLT social rental housing with shared amenities and a communal courtyard garden; design strategies for courtyard airflow and seasonal microclimate.
- **CLT School**, design studio at ENSA Montpellier and construction course at BME, 2020. School concept for a hypothetical site in Amsterdam, developed with CLT construction details.
- **Outdoor Classroom from Reclaimed Materials**, "Surviving the Future" competition, team entry, 2019. Purchase Prize. Volunteered on construction of the first-prize design.

ADDITIONAL EXPERIENCE

- **KÉK – Hungarian Contemporary Architecture Centre**, Volunteer, 2019–2021. Budapest100, Open Factories Csepel, International Architectural Model Festival, DANUrB+ Interreg conference.
- **Bartók Béla Boulevard 2030**, case study competition, 2019. Second-place team.

SKILLS

Green building: LEED v5 BD+C strategy, target credit selection, sustainability requirements for design tenders, BREEAM credit review and documentation

Coordination: Stakeholder communication, design meetings, action-item tracking, design reviews

Software: Archicad, SketchUp, Lumion, Adobe Photoshop, InDesign, Canva, Microsoft 365, Excel

Languages: Hungarian (native), English (professional working proficiency), French (professional, technical documentation)
